PRESIDENT DIAZ HAS LEFT COUN-TRY FOR THREE MONTHS "FOR HIS HEALTH."

#### DICTATOR MENA HAS REINS

The Second President He Has Forced Out-The Financial Situation is ery Serious-The American Firms

Here Are Losing Heavily.

New Orleans .- President Adolfo Maz of Nicaragua has asked for a three months leave of absence, according to reliable news advices received here. It is generally conceived that this step means his abdication in favor of General Louis Mena, Minister of War, who now is the virtual dictator of the turbulent republic.

Serious friction between 1 resident Diaz and General Mena has existed for some time and Diaz has been President in name only.

General Mena, who, it is stated, now occupies the presidential palace, has absolute control of the Nicaraguan army and Congress as well. He recently was elected President by the "constituent assembly" for the term beginning January 1, 1913, but the friction between Mena and Diaz became so intense that the latter's friends are said to have advised him to resign and leave the country "for his health."

General Mena forced President Juan Estrada out of office last year in much the same manner. Estrada now is in New York.

The finances of Nicaragua are reported to be in worse condition today than ever before.

As a result of this financila situation American firms are reported to have lost heavily.

Real Reason Why Burglar Gave Er ing Papers Chance to Use Effective Headline.

A burglar broke into a New York mansion early the other morning and found himself after wandering about the place in the music room. Hearing feotsteps approaching, he took refuge behind a screen. From eight to nine the eldest daughter had a singing lesson. From nine to ten the second daughter took a piano lesson. From 10 to 11 the eldest son got his instruction on the violin. From 11 to 12 the younger boy got a lesson on the flute and piccolo. Then, at 12:15, the family got together and practiced music on all their instruments. They were fixing up for a concert. At 12:45 the porch-climber staggered from behind the screen. "For heavens' sake, send for the police!" he shrieked. "Torture me no longer!" And in the evening paper there was the headline: 'Nervy Children Capture Desperate

### IN AGONY WITH ITCHING

"About four years ago I broke out with sores on my arms like boils. After two months they were all over my body, some coming, and some going away. In about six months the boils quit, but my arms, neck and body broke out with an itching, burning rash. It would burn and itch, and come out in pimples like grains of wheat. I was in a terrible condition; I could not sleep or rest. Parts of my flesh were raw, and I could scarcely bear my clothes on. I could not lie in bed in any position and rest. In about a year the sores extended down to my fect. Then I suffered agony with the burning, itching sores. I could hardly walk and for a long time I could not put on socks.

"All this time I was trying everything I could hear of, and had the skill of three doctors. They said it was eczema. I got no benefit from all this. I was nearly worn out, and had given up in despair of ever being cured when I was advised by a friend to try Cuticura Remedies. I purchased Cuticura Soap, Ointment, and Resolvent, and used exactly as directed. I used THE DAIRIES IN THE SOUTH the Cuticura Remedies constantly for four months, and nothing else, and was perfectly cured. It is now a year, and I have not had the least bit since. I am ready to praire the Cuticura Remedies at any time. (Signed) E. L. Cate, Exile, Ky., Nov.-10, 1910.

### Women's Secrets There is one man in the United States who has perhaps heard

more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, scaled in perfectly plain envelopes, without any printing or advertising whatever, upon them.
